

DICKINSON
STATE UNIVERSITY

GRADUATE EXIT SURVEY

SUMMARY

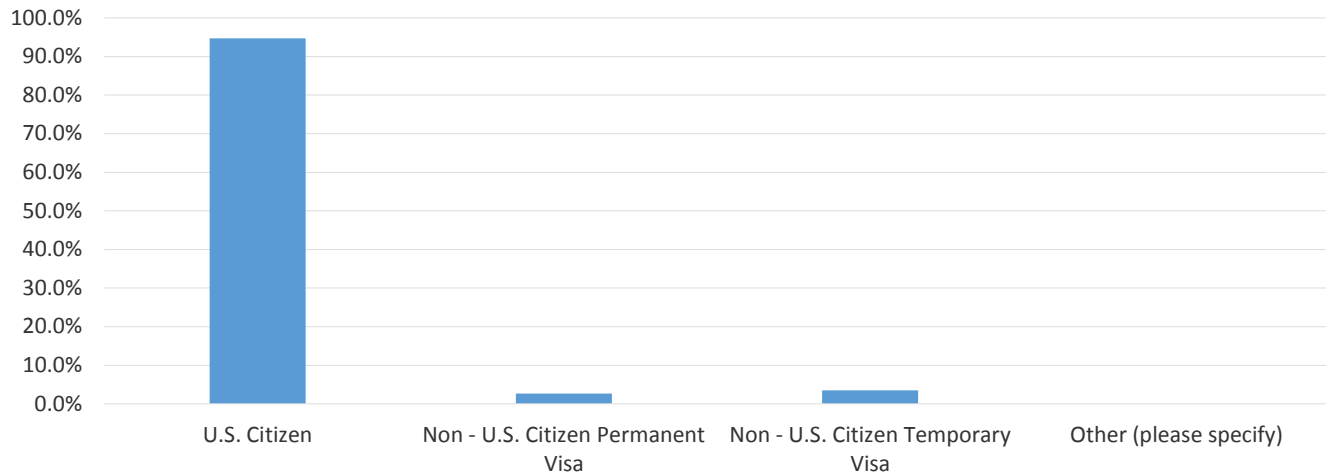

FALL 2014 – SPRING 2015

Dickinson State University (DSU), like all postsecondary institutions, is required by both the U.S. Government and the North Dakota University System to collect information on graduate employment placement. To fulfill this requirement, as well as survey information and feedback from our recent graduates about their DSU educational experience, DSU conducts a graduate exit survey.

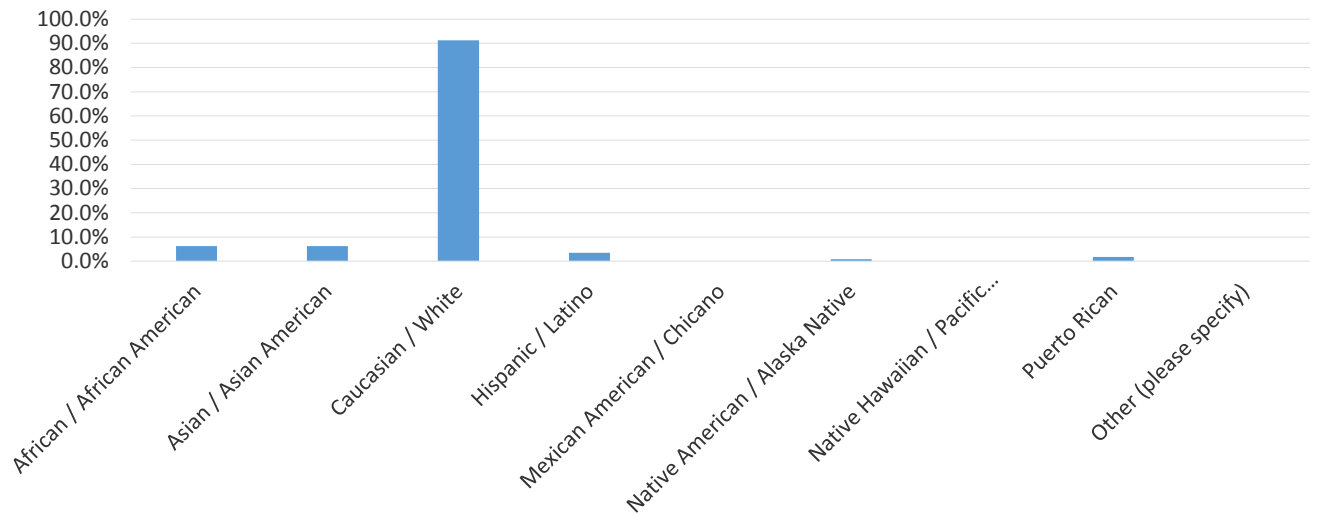

The purpose of the DSU Graduate Exit Survey was to ask DSU graduates about their educational experiences at Dickinson State University. The survey asked for information and opinions about: (a) demographic information, (b) the DSU educational services and support the graduate experienced, (c) the graduate's satisfaction perceptions about their overall DSU student/school life experience, and (d) the graduate's post-graduation employment placement.

Response Rate: 41%
